

## WHAT IS THE CHICAGO COURSE?

We believe that God’s Word is how he works in the world—through the faithful proclamation of his Word by, for, and among his people. This means it matters very much how his people are trained to preach his Word.

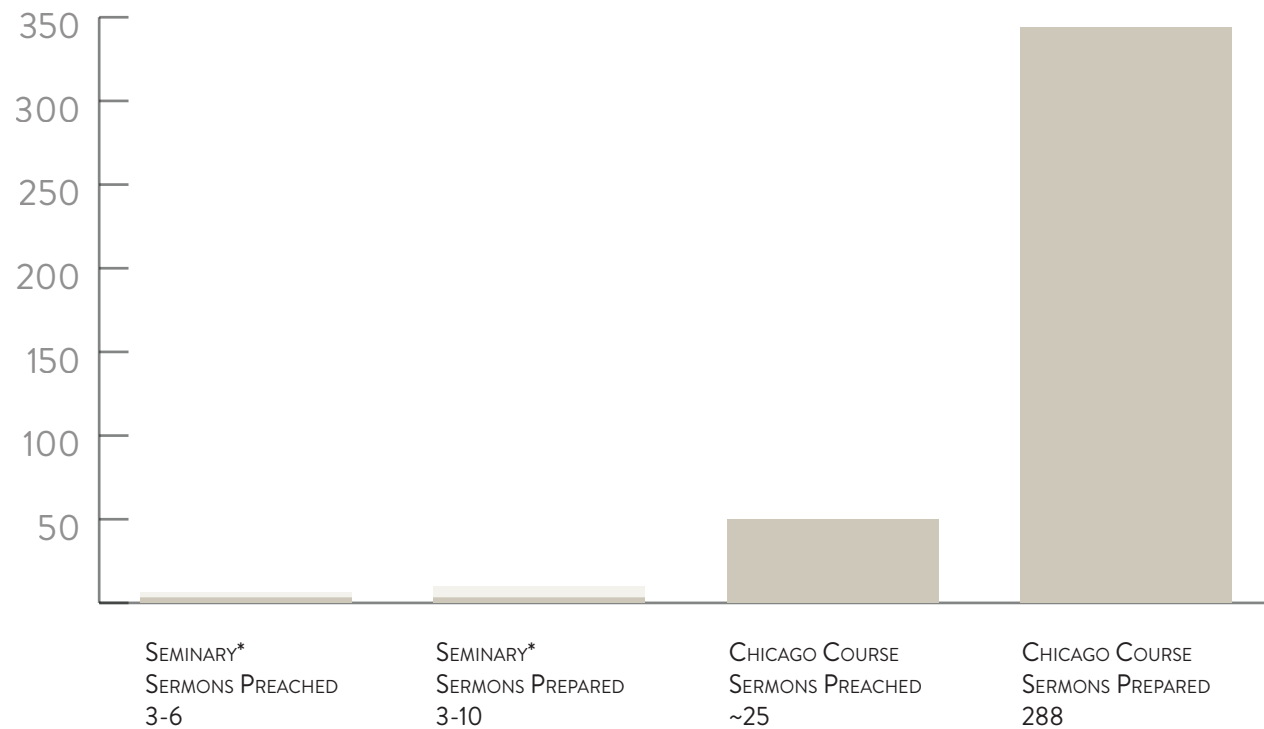

The *Chicago Course on Preaching* is a hands-on and skill-based preaching course for those in ministry looking to deepen their skills and convictions in expositional preaching as well as those who are considering whether this kind of ministry is for them.

The *Chicago Course* is available in three ways:

- **Full-Time:** One year consisting of three eleven-week terms over one year with classes on four days per week (Monday, Tuesday, Thursday, and Friday). Benefits: Student will complete the course at an accelerated pace with a concentrated time of study.
- **Part-Time:** Two years consisting of three eleven-week terms per year with classes on two days per week (Monday and Tuesday or Thursday and Friday). Benefits: More time is dedicated to practical application in a local church setting, and students will have a better ability to focus on character and conviction development. It also allows for part-time employment (ideally in the local church).
- **Modular:** Three years consisting of one eleven-week term per year with classes on four days per week (Monday, Tuesday, Thursday, and Friday). Benefits: The student will have limited time away from the local church at a distance from Chicago. It is an excellent option for international students or those already involved in long-term church internships.

## HOW MUCH PRACTICE IS INVOLVED?

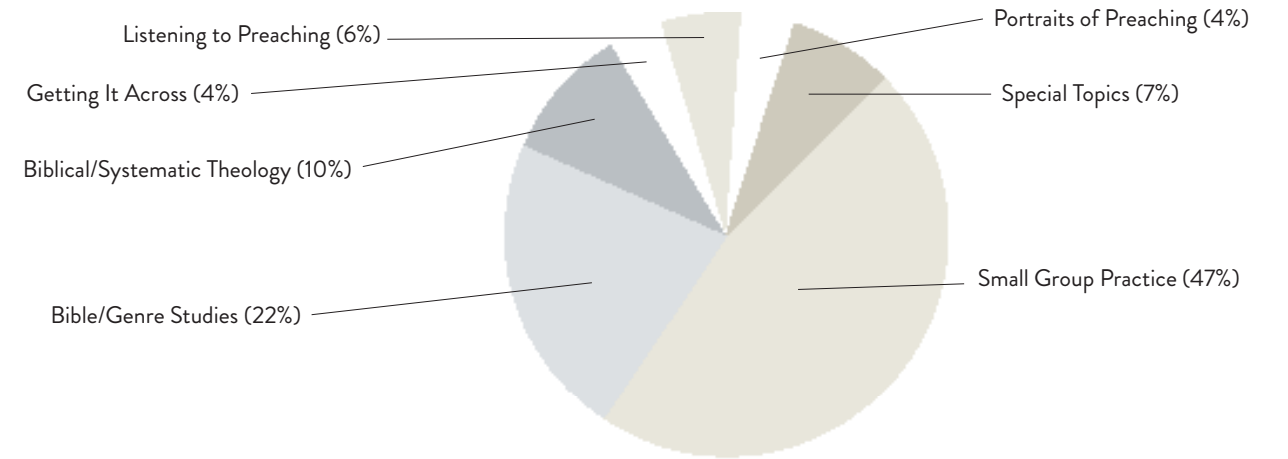

For many students, the *Chicago Course* will be an important step that either builds upon a seminary experience or eventually leads to it. Our focused and intensive training in preaching and teaching will offer opportunities for practice that are simply not available in most school and institutions of higher learning. We are not out to replace the seminary, but rather we are out to offer something that seminaries are not suited to deliver. This is most clearly seen by comparing the amount of sermon preparation with a typical seminary.

\*Data based on a survey of students and published guidelines from *Trinity Evangelical Divinity School* and the *Southern Baptist Theological Seminary*.

## WHAT IS COVERED IN THE CLASSES?

A student will spend 240 hours in the classroom, 240 hours in small group practice, another 30 hours just listening to live preaching, and countless other hours in mentorship during the *Chicago Course*. In the classroom, a student will be prepared in a few disciplines related to preaching and teaching: 1) Bible and genre studies, 2) biblical and systematic theology as related to preaching and teaching, 3) getting it across (communication and persuasion), 4) portraits of preaching (the history of preaching), and 5) ministry convictions and special topics in preaching. More information about the particular classes can be found in the attached schedule and descriptions.

## WHO TEACHES THE CHICAGO COURSE?

The *Chicago Course* is directed by Rev. Jeremy Meeks and Rev. Dr. K. Edward Copeland and is served by several guest instructors.
