

1 JOHN

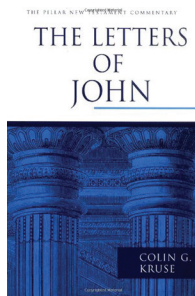

READING SUGGESTIONS

1, 2, 3 John (*New American Commentary*)

Daniel L. Akin

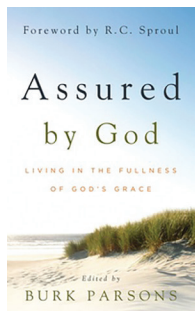

Akin's work on John's letters is typically thoughtful. And as a theologian (or professor of theology prior to serving as President of Southeastern), his commentary on John is especially helpful for situating the letters within doctrine.

The Letters of John (*Pillar New Testament Commentary*)

Colin G. Kruse

Kruse's commentary is a good critical commentary. He brings together his own thoughtful analysis and draws upon both evangelical and non-evangelical scholarly works. He gives a reasonably thorough verse-by-verse commentary but also pays attention to the some of the more important theological themes.

Assured by God: Living in the Fullness of God's Grace

ed. Burk Parsons

This is a really helpful collection of essays on the doctrine of assurance by brilliant minds such as Al Mohler, Phil Ryken, John McArthur, and several others.
