

LAMENTATIONS

READING SUGGESTIONS

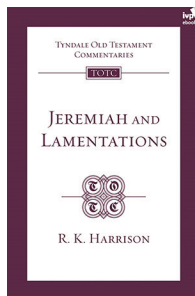

The Message of Lamentations (*Bible Speaks Today*) Christopher J.H. Wright

Wright is particularly useful for understanding the imagery and grappling with the emotions (pathos) of Lamentations. Wright is the most pastoral of these resources.

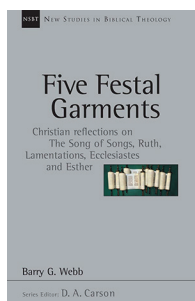

Lamentations (*Two Horizons Old Testament Commentary*) Robin A. Parry

Parry was very useful in terms of thinking about Lamentations in light of the Old Testament, particularly in Jeremiah. He brings clarity to the biblical theology evident in Lamentations.

Jeremiah and Lamentations (*Tyndale Old Testament Commentary*) R.K. Harrison

Harrison's commentary is basic and clear. He is helpful to grasp the structure and text.

Five Festal Garments (*New Studies in Biblical Theology*) Barry G. Webb

Webb is the most helpful on thinking about Lamentations in light of the New Testament. He is also extremely good on the textual work.
